

AVIATION INDUSTRY EXECUTIVE LEADERSHIP PROGRAMME

13TH – 15TH OCTOBER 2011

SESSION TOPICS INCLUDE:

CORPORATE GOVERNANCE

HIGH PERFORMANCE REGULATORS

RISK MANAGEMENT

SAFETY MANAGEMENT SYSTEMS

WHY PEOPLE MATTER

INTRODUCING THE EXECUTIVE LEADERSHIP PROGRAMME

AIA is pleased to announce the launch of a dedicated industry Executive Leadership Programme. The programme content has been selected to provide industry leaders with an overview of emerging topics in corporate governance, regulatory oversight, risk management, safety management systems and high performing organisations.

This programme is a prelude, if you so choose, to undertake the globally innovative National Diploma in Aviation (Regulatory Oversight and Governance). Graduates from this AIA Executive Leadership Programme will receive a certificate of completion for this non-accredited short course.

LOCATION : THE NARROWS LANDING, HAMILTON

Set amongst mature gum trees, the venue is a statement in sustainability with its unique architectural character being composed largely of recycled timber. It is a piece of paradise: a year-round delight. The Narrows Landing feeds mind, body and soul with excellent facilities, unparalleled service, exceptional fine dining and outstanding wines combining to relax and focus your energies on the Executive Leadership Programme.

Situated on Airport Road, The Narrows Landing is only a two-minute drive to Hamilton Airport. It has very easy access to SH1 and SH3. Facilities include; ample free parking, audio/video facilities, wireless internet access, full catering, restaurant & bar facilities and accommodation.

PROGRAMME & SPEAKER OVERVIEW

THE SPEAKERS FOR THE AIA EXECUTIVE LEADERSHIP PROGRAMME HAVE BEEN SELECTED FROM SOME OF NEW ZEALAND AND AUSTRALIA'S LEADING SPEAKERS IN THEIR RESPECTIVE FIELDS. THIS TWO AND A HALF DAY PROGRAMME ALSO PROVIDES PARTICIPANTS WITH THE OPPORTUNITY TO LEARN, CONTRIBUTE AND NETWORK WITH OTHER INDUSTRY LEADERS.

KEVIN KNIGHT AM

Chairman of the
International Standards
Committee on Risk
Management

Kevin W Knight AM is well known through his very active work in explaining and encouraging the use of Standards with respect to the management of risk. He is a founding member of the Standards Australia/Standards New Zealand Joint Technical Committee that produced the original AS/NZS 4360 Risk Management Standard in 1995 and its subsequent revisions in 1999 and 2004. Kevin is the Convenor of the International Organisation for Standardisation (ISO) Working Group that produced international standard on risk management. Kevin has been very active in furthering the risk management profession and the professional development of its practitioners throughout the Asia - Pacific Region in particular. He has been widely published and quoted by the risk management media throughout the world as a leading proponent of the management of risk.

KIMBERLEY TURNER

Chief Executive Officer
Aerosafe Risk Management

Kimberley Turner is the Chief Executive Officer of Aerosafe Risk Management an international risk and safety management company that has offices and staff in Wellington, Sydney, Canberra, Washington DC, Mumbai and China. As a certified practicing risk manager and strategic advisor in aviation governance and oversight, Kimberley is heavily involved in promoting and advancing the discipline of risk management and has been dubbed a “risk management futurist” for her innovation, forward thinking and original leading concepts in the field.

PROGRAMME & SPEAKER OVERVIEW

DOUG MARTIN
Executive Director
MartinJenkins

Doug Martin holds a BCA (Honours) in Economics, and is one of New Zealand's most experienced and respected advisers on approaches to improving the performance of public sector agencies in New Zealand. Doug has also been consulted as an expert adviser in subsequent reviews of the public sector management model. As a consultant, Doug has regularly applied the principles that underpin the public sector management system in the context of organisational reviews.

BRIAN RHOADES
Institute of Directors
in New Zealand

Brian Rhoades is a business adviser and professional director with extensive management and governance experience. Brian started his career as a lecturer in mechanical engineering at the University of Canterbury, moved into manufacturing and company management with the AHI/Carter Holt Harvey Group, and is a former Chief Executive of Sealord Products Ltd. His subsequent governance experience includes serving on the boards of over 30 diverse organisations.

MARK (TORRO) THORESEN
Managing Director, Aviation
Concepts and Training
Services

Mark Thoresen is a former military Qualified Flying Instructor, Check Captain, Testing Officer, Display Pilot, and Maintenance Test Pilot; and maintains qualifications as a civilian pilot and flying instructor. Mark's commercial experience was gained in the finance and futures industries, and through business development and consulting roles prior to and following his 15 years military experience as a pilot, flying instructor and training manager. As a senior consultant and manager with a wealth of commercial and military experience, Mark has a broad and in-depth understanding of the aerospace industry.
