

## **RAAA Conference, October 2015**

In 2014 the RAAA as an organisation celebrates 34 years and the RAAA National Convention celebrates 15 years.

The RAAA is the only organisation representing all sectors associated with Regional Aviation across Australia and therefore plays a significant role in the aviation industry. The annual National Convention is highly regarded as a premier annual aviation event.

Commenting on its importance the RAAA CEO, Paul Tyrrell said “The RAAA provides national representation for the many important sectors of aviation in Australia. It is a must for anyone involved in the industry”.

The National Convention provides a unique platform for members to come together and hear from and speak with industry operators, regulators, manufacturers and industry related professionals to plan collectively for the future.

The National Convention is highly regarded as a premier annual aviation event. It attracts key industry leaders, regional operators, technical experts, manufacturers and suppliers as well as Government and other regulatory bodies from around Australia and internationally. Held over three days it brings together over 350 participants from across Australia, and International guests from Brazil, The United States, The United Kingdom, Europe and Canada.

Apart from the technical program there is also a sought after exhibitors’ trade show of 40 booths, numerous social/networking opportunities and Gala Dinner where the RAAA Scholarships Awards are presented.

The 15th RAAA National Convention sees a change in location, with an exciting new venue: the Crown Plaza Hunter Valley ([www.crowneplazahuntervalley.com.au](http://www.crowneplazahuntervalley.com.au)). The Hunter Valley is one of Australia’s most well-known wine and tourism regions, renowned for its fine wine, gourmet food and picturesque countryside and is 2 hours from Sydney.
